April 22, 2016.

Undertaking for the acceptance of decayed sources supplied by BRIT

Board of Radiation and Isotope Technology (BRIT), a constituent unit of Department of Atomic Energy, Government of India undertakes to receive back the source supplied by BRIT. All necessary arrangements for sending the source back to BRIT and the expenditure involved i.e. transportation, logistics etc. will need to be borne by the customer.

This undertaking is being given as part of the requirement for registration of various type approved radiation sources manufactured by BRIT in e-licensing of Radiation Applications (eLORA) , AERB
