

On the Occasion of 32nd BRIT DAY

Message From Chief Executive, BRIT

At the outset I would like to congratulate you all on the occasion of 32nd BRIT day. Over the last 3 decades BRIT has blossomed from a tiny bud in the field of Radiation Technology to emerge as the market leader in many frontline areas of Radio Isotope technology and continues its endeavour towards providing its best services to mankind.

Last one year it has been an extremely challenging time for all of us. Not only, we all are dealing with significant global challenges, but we are seeing a much wider impact on all of our lives as well.

However, I feel proud that even during these difficult times arising out of Covid-19, BRIT as a team has continued to remain committed. BRIT continued its operations as a part of special responsibility that a organization like ours has at this time. In moments like these our purpose and values matter a lot to the people and communities we serve.

We have also achieved milestones like production and supply of pharmaceutical NaF from RC,Kolkata , trial production of Ga-68 & Tl-201 from MCF,Kolkata, introducing New product like Cobalt camera COCAM-120 and updated website of BRIT and a customer facing application “BRIT Bandhu” to provide up-to-date information and equip customer with more user friendly tool during this time.

We take pride in this journey of 32 significant years establishing BRIT as one of the most preferred organization in the field of providing products and services related to radiation and radioisotopes in India/abroad. This incredible journey of BRIT is a testimony of the vision and commitment of our Founders and Leaders.

On this special day we must take pledge to remain committed and focussed towards our goal as success do not come from the comfort zone.

Once again, I would like to thank you all. I am confident that driven by our sense of responsibility, discipline and dedication we will able to provide best service for our patrons.

Please, do look after yourselves and your families.

Stay safe. Thank you.

Pradip Mukherjee
Chief Executive, BRIT
