Sir,

कृपया दिनांक 23.12.2024 के अपने आरटीआई आवेदन का संदर्भ लें (पंजीकरण संख्या BORIT/R/T/24/00044)/
Please refer to your RTI application dated 23.12.2024 (Registration No. BORIT/R/T/24/00044).

इस संबंध में उत्तर निम्नवत दिया गया है । / The reply in this regard is furnished as follows :

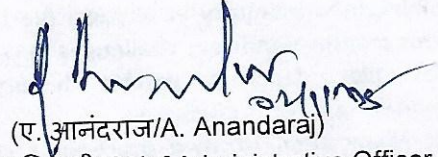

Sr. No.	Information sought for	Reply
1.	<p>a) In DAE hospitals, thousands of patients are treated, but their medical history files are still maintained manually in physical file systems. This creates significant challenges in searching for files, tracking patient history, and managing records efficiently.</p> <p>b) Many administrative procedures continue to be processed manually, resulting in prolonged delays, such as the processing of employee promotion orders, which can take years to complete.</p> <p>c) In several divisions, particularly reactor and processing plants of various units, systems and equipment are operated and monitored around the clock. Data logging for these systems and equipment, as well as plant events, is still performed manually in printed logbooks or registers. This practice incurs substantial costs on stationery and results in data being stored in record rooms without proper utilization or easy access. I request the following information under the RTI Act:</p> <ol style="list-style-type: none">1. Please provide copies of all orders, instructions, or guidelines issued to various divisions/units for developing software to digitize (online transactions) their procedures and activities.2. Kindly provide the estimated date by which each division/unit is expected to achieve more than 90% digitization (online transactions) of their procedures and activities.3. Please provide a detailed action plan to develop software for each division/unit to enable online transactions and eliminate the use of stationery. If no such plan exists, kindly provide the reasons for the lack of an action plan.	<p>As far as BRIT is concerned with regard to digitization, product and services are being provided by E-portal only. Further Administration & Accounts Integrated Information System(AAIS), E-office and Material Management System(MMS) are in the stage of implementation at BRIT</p>
